

California Radiologic License Renewal Credits Available in Maui at WSAUA

The CUA is pleased to announce that it has been able to obtain ASRT activity approval for category A credit during the WSAUA 2014 Maui meeting. Urologists can therefore obtain up to **16.50 CEU** credits for x-ray license renewal by attending specific sessions while at the Western Section Annual Meeting. Note: 10 CEU are required to satisfy the California Department of Public Health requirement for renewing permits and certificates in radiographic technology. Urologists can earn these CEU credits at the same time they earn their CME credits. Simply fill out the Attestation Form provided at the annual meeting to claim your credits and your certificate will be emailed to you.

Credit certificates are free to all urologists this year. The value of this certificate is \$200.

Below are the courses that have been qualified for the credits by the ASRT:

Session	Date	Time	Credits
